· Over all IT Experience of about 2 and a half years.
· Working as a **Senior Applications Developer** in BNY Mellon Technology (formerly called as iNautix Technologies) from November 2017 till date.
· Worked as an Applications Developer in BNY Mellon Technology (formerly called as iNautix Technologies) from Feb 2015 to October 2017.
· Experience in Application Development, Application Maintenance and Bug fixing.

Education

· **B.E (CSE)** | 2015 | Sri Sai Ram Engineering College, West Tambaram, Chennai-600 044
· **HSC** | 2011 | Sri Ramakrishna Vidhyaalaya Matric Higher Secondary School, Villupuram-605 602
· **SSLC** | 2009 | Sri Ramakrishna Vidhyaalaya Matric Higher Secondary School, Villupuram-605 602

Professional Experience

SENIOR APPLICATIONS DEVELOPER | BNY MELLON TECHNOLOGY | NOV 2017 TILL DATE

Auto Build and Auto Deployment   Nov 2017 till date

· Currently working in a project to migrate almost 150+ batch jobs of our team, for which we are using **GIT** as a version controlling system, **Jenkins** as a built tool and **Nexus** as a binary repository.
· For downloading those binaries to a specific PROD/UAT server we developed a code in **Python** to download them to a specific server and to shift them to a specific location of that server.

APPLICATIONS DEVELOPER | BNY MELLON TECHNOLOGY | JUNE 2015 TO OCT 2017

TLM Feed   Mar 2017 to May 2017

· Developed a project in Spring Batch to send data from our team's database in the form of CSV document to other team. This technology was new to our team and we were given an opportunity to explore it and develop with it. For the successful deployment of code in production, I was recognized with a BRAVO award and also received appreciation from onsite team for the same.

SFTP   Jun 2016 to Aug 2016

· Developed a utility in **Java** to SFTP the file from our location to our external client's location.

Data Migration from Sybase to MSSQL   Sept 2016 to Feb 2017

· Created **SSIS** packages to migrate data from one database server to other database server. For this successful transfer of data in Production, I was recognized with a **WOW award**.

SSIS Packages upgradation from SSMS 2005 to SSMS 2014   Mar 2017 to Jun 2017

· Upgraded all SSIS packages from SSMS 2005 to 2014

CSR Project

· Volunteered for a CSR (Corporate Social Responsibility) project as a front end developer in Angular.

INTERN | BNY MELLON | FEB 2015 TO MAY 2015

Portfolio Game   **April 2015 to May 2015**

· As part of learning **Angular** we created a POC called Portfolio game in which 5 players can buy and sell shares among them based upon the news that will get released everyday about the companies for which shares were provided in this game and they will continue in this game for 5 consecutive days. The backend for this project was created using **Restful web service**

Languages and Technologies

· Frontend – Angular | Angular Material UI | Bootstrap
· Backend – Core Java | Spring | Spring Batch | Restful Web Service
· Tool - SSIS
